Cognitive behavioral therapy has been found to be effective with juvenile and adult offenders; substance abusing and violent offenders; and probationers, prisoners and parolees. It is effective in various criminal justice settings, both in institutions and in the community, and addresses a host of problems associated with criminal behavior.

Feedback for the Cognitive Approaches to Working With Offenders training course: “I found that the course was very practical and I can envisage myself using what I have learnt with my clients immediately.” Katherine Coates, Case Manager “Thank you – lovely and satisfying balance of knowledge and practical exercises. A CBT Approach to Working with Offenders is an APT-Accredited 3-day course from one of Canada's leading providers of CBT training courses.
